संदेश

‘स्वच्छ खारघर फाउंडेशन’ द्वारा स्वच्छता अभियान में योगदान और दस हजार पौधों को लगाने के संकल्प के बारे जानकर प्रसन्नता हुई है। पर्यावरण की सुरक्षा हमारा दायित्व है और इस प्रकार के प्रयास सराहनीय व आवश्यक हैं।

पर्यावरण असंतुलन के कारण विगत वर्षों में आई प्राकृतिक आपदाओं और प्रदूषण के कारण स्वास्थ्य पर पड़ने वाले दुष्प्रभावों ने हमें इस दिशा में ठोस व गंभीर प्रयास करने के लिए विवश किया है। प्रकृति को सहेजने और भविष्य की पीढ़ी को बेहतर वातावरण देने के लिए हम सभी को मिलकर प्रयास करने होंगे। हमारे छोटे-छोटे प्रयास बड़े बदलावों का कारण बनते हैं।

यह देखकर सुखद अनुभूति होती है कि पर्यावरण सुरक्षा को लेकर लोगों में जागरूकता बढ़ी है और विभिन्न स्तरों पर प्रयास किए जा रहे हैं। मुझे उम्मीद है कि ‘स्वच्छ खारघर फाउंडेशन’ द्वारा की गई इस पहल से अन्य लोग भी प्रेरित होंगे।

भविष्य के प्रयासों के लिए बधाई व शुभकामनाएं।

after the PCMC polls.

NAVI MUMBAI: Kharghar residents came out on the streets to support a signature campaign held on Tuesday night. Over 1,950 signatures were collected to support civic issues related to water woes and demanding the recall of former PCMC chief Sudhakar Shinde. Meanwhile, the CM is reportedly to have assured an activist that Shinde will be brought back as commissioner

According to residents, the signatures will be sent to the CM and Cidco. The drive was conducted under the flagship of a residents' group, Swachh Kharghar Manch. The campaign was followed by a candle light vigil.

Opening soon, citizens' service centre at K'ghar

B B Nayaki TNN | Updated: Dec 20, 2017, 23:23 IST

"The tehsildar will open a centre at the Kharghar grampanchayat office and it will be a New Year's gift for locals," said PCMC commissioner Sudhakar Shinde.

TOP COMMENT

The residents of Kharghar are also very much upset with thieves like chain snatchers and house breakers. Please take concrete actions to prevent such incidents in Kharghar.

Now, K’ghar locals upset about toxic fumes from brick kilns

B B Nayak | TNN | Mar 28, 2016, 12:40 AM IST
Neighbouring Kamothe, Kalamboli, Taloja, CBD and Parvel residents are feeling the pinch of the pollution due to a thick cover of smoke. Angry citizens said that that if no action is taken immediately, then they would walk in protest up to the Cidco office.

Also, a PIL will be filed against erring officials and those responsible for the pollution, warned residents. On the flip side, Cidco sources said notices have been issued to brick kiln operators and FIRs will be filed soon.

Residents allege that they fail to understand the concept of smart city when the city does not have clean air.

Many brick kilns have surfaced near Taloja Jail and in sectors 34 and 35 and locals said that the toxic gases from these kilns are choking the surroundings, creating health hazards.

"My kids are ill so as our neighbour, a senior citizen, is in terrible condition after inhaling the toxic gases. Her house faces these kilns and so are those of thousands of others. Such kilns should be shut immediately by operations the other fall sick. We have the basic right to breathe clean air," said Rakesh Galav, who initiated the online petition recently.

300 saplings charred in Kharghar hill fire

TNN | Updated: Nov 13, 2017, 23:53 IST

📧 📱 A- A+

(Representative image)

NAVI MUMBAI: Over 300 tree saplings planted in the Kharghar hills have been destroyed in Saturday's fire.

When TOI visited the site after the fire incident it found large scale destruction of the hill's biodiversity. Besides the damage of saplings, several ant nests were charred in the fire and birds were seen looking for cover.

"While around 5 hectares of the forested hill region was burnt in sector 35, another 2 hectares hill area was destroyed near Utsav Chowk in Kharghar,"

Kharghar hills have been burnt every year for one or other reasons. Illegal quarrying is taking place uninterruptedly. If we don't save it, then we will lose it forever.

MISSION 10000

We are working with local villages, citizens & corporates to save our Kharghar hills. We are going to plant 10,000 trees in Year 2018.

- Ending old age need of firewood in local villages
- Mass Scale Plantation
(Japanese Miyawaki technique)
- Year round care of plant
- Vigilance against unwanted elements
- Creating water bodies
